

A decorative graphic on the left side of the slide. It consists of two overlapping parallelograms: a purple one in the foreground and a light green one behind it. Both shapes are oriented diagonally, with their longer sides running from the top-left towards the bottom-right. The background of the entire slide is a dark navy blue with subtle, lighter blue diagonal stripes.

Admin Portal

- Brian Ringer

Client Information

- Kyle Armstrong (kyle@thetyros.com)
- Owner of Zoom App - an app that helps referees get game footage so they can practice calls
- Owner of RefReps - this is the company we are working with. Tasked with creating a game that will train referees to make calls

What we changed because of our mentor

- Add indicator for a lesson that has been edited, but not published.
- Removing extensions of video and picture names.
- Add another publish button for publishing.
- Use enums for calls rather than its name as a string.

What we changed or will change because of our client

- We added the upload button where the add video section is
- Calls are selectable thumbnails
- We plan on ordering the video selection list based on most recent upload
- Adding search functionality to video selection

Fourth Iteration Features

- Admin can name lesson pairs
- Admin can search for videos in React App
- User progress is stored locally
- User analytics are tracked locally
- Users can see how far they have progressed and start from there

Team Work

- Cody Miner
 - User Documentation
- Daniel Litt
 - Converted the hard coded unity app to pull from a firebase database
- Brian Ringer
 - Added lesson scrolling to the select screen
- Will English
 - Adding deleting lesson pack and lesson pair functionality
 - React App changes such as calls being selectable thumbnails

The surface area of a human lung is equal to that of a tennis court
